## 1 Dean's Welcome

To Graduate Students and Postdoctoral Fellows:

I am extremely pleased to welcome you to McGill University. Our world-class scholarly community includes over 250 doctoral and master's degree programs, and is recognized for excellence across the full range of academic disciplines and professions. Graduate and Postdoctoral Studies (GPS) collaborates with the Faculties and other administrative and academic units to provide strategic leadership and vision for graduate teaching and research across the University. GPS also oversees the admission and registration of graduate students, disbursing graduate fellowships, supporting postdoctoral fellows, and facilitating the graduation process, including the examination of theses. GPS has partnered with Enrolment Services to offer streamlined services in a one-stop location at [Service Point](#).

McGill is a student-centred research institution that places singular importance upon the quality of graduate education and postdoctoral training. As Associate Provost (Graduate Education), as well as Dean of Graduate and Postdoctoral Studies, I work closely with the faculties, central administration, graduate students, professors, researchers, and postdoctoral fellows to provide a supportive, stimulating, and enriching academic environment for all graduate students and postdoctoral fellows.

McGill is ranked as one of Canada's most intensive research universities and among the world's top 25. We recognize that these successes come not only from our outstanding faculty members, but also from the quality of our graduate students and postdoctoral fellows—a community into which we are very happy to welcome you.

I invite you to join us in advancing this heritage of excellence at McGill.

*Martin Kreiswirth, Ph.D.*  
*Associate Provost (Graduate Education)*  
*Dean, Graduate and Postdoctoral Studies*

Nursing; M.Sc.A. Occupational Therapy; M.Sc.A. Physical Therapy; and students in part-time programs is determined on a per course basis. Residence requirements are fulfilled when students complete all course requirements in their respective programs.
- For master's programs structured as Course, Project or Non-Thesis options where the program is pursued on a part-time basis, residence requirements are normally fulfilled when students complete all course requirements in their respective programs (minimum 45 credits or a minimum of three full-time terms) and pay the fees accordingly.

These designated periods of residence represent minimum time requirements. There is no guarantee that the work for the degree can be completed in this time. Students must register for such additional terms as are needed to complete the program.

#### **Coursework – Master's Degrees**

Program requirements are outlined in the relevant departmental sections of the Graduate and Postdoctoral Studies *Programs, Courses and University Regulations*

**Note:** The master's degree must have been awarded before initial registration in the doctoral program; otherwise, the admission level will be at Ph.D. 1 and residency will be extended to three years. Once the level of admission is approved, it will not be changed after obtaining the master's degree if the date falls after registration in the program. If a previous awarded degree is a condition of admission, it must be fulfilled before registration in another program.

As a rule, no more than one-third of the McGill program formal coursework can be credited with courses from another university.

#### **Comprehensive Examinations – Doctoral**

A comprehensive examination or its equivalent is usually held near the end of Ph.D. 2. The results of this examination determine whether or not students will be permitted to continue in their programs. The methods adopted for examination and evaluation and the areas to be examined are specified by departmental regulations approved

English and French language courses offered by the French Language Centre (Faculty of Arts) or the School of Continuing Studies may not be taken for coursework credits toward a graduate program.

All substitutions for coursework in graduate programs, diplomas, and certificates must be approved by GPS.

Courses taken at other institutions to be part of the requirements of a program of studies must be approved by GPS before registration. Double counting is not permitted.

See [www.mcgill.ca/gradapplicants/apply/prepare/requirements/international-degree-equivalency](http://www.mcgill.ca/gradapplicants/apply/prepare/requirements/international-degree-equivalency) for information on grade equivalencies and degree requirements from countries in Europe and around the world. These equivalencies and requirements are provided for information only and are subject to change without notice.

Admission to graduate programs at McGill is highly competitive and the final decision rests with the Graduate Admissions Committee. Admission decisions are not subject to appeal or reconsideration.

## 6.6 Admission to a Qualifying Program

Some applicants whose academic degrees and Standing entitle them to serious consideration for admission to graduate studies, but who are considered inadequately prepared in the subject selected may be admitted to a Qualifying Program for a master's. The undergraduate-level courses to be taken in a Qualifying Program will be prescribed by the department concerned.

Qualifying students are registered in graduate studies, **but not as candidates for a degree**. Only one Qualifying year (i.e., two full-time terms) is permitted.

In all cases, after the completion of a Qualifying year or term, an applicant interested in commencing a degree program must apply for admission by the Dates for Guaranteed Consideration. Successful completion of the work in the Qualifying Program (B- in all courses) does not automatically entitle the student to proceed toward a degree. Qualifying year students must apply for admission to the program for which they seek qualification.

In cases where a department recommends a change of registration from Qualifying Program (Fall) to Master's Degree First Year (Winter), **students must apply to the degree program by the Winter departmental Dates for Guaranteed Consideration**. A Qualifying year applicant admitted to a Winter term as a first term of studies must apply for admission for a Fall term as his/her second term of studies.

Students who are ineligible for a Qualifying Program may apply to the appropriate undergraduate faculty for admission as regular or Special Students, and seek admission to graduate studies at a later date. The normal admission requirements must be met and the usual procedures followed.

---

## 6.7 Admission to a Second Degree Program

A candidate with a given higher degree may apply for admission to a second degree program at the same level but **in a different subject**. The normal admission requirements must be met and all the usual procedures followed.

---

## 6.8 Admission to Two Degree Programs

Revision, December 2012. Start of revision.

Students may, with special permission granted by the Graduate Admissions Committee (composed of the Dean and Associate Deans of Graduate and Postdoctoral Studies) and in consultation with the Graduate Admissions Unit of Enrolment Services, be admitted to two degree programs or to two departments or faculties. Students are **never** permitted to pursue two **full-time** degree programs concurrently.

Revision, December 2012. End of revision.

---

## 6.9 Admission to an Ad Personam Joint Program

*Ad Personam* joint graduate programs are restricted to Master's thesis option and Ph.D. programs. Approval for the joint program must be obtained from Graduate and Postdoctoral Studies. The request shall be signed by the Chairs of both departments involved and shall explicitly list the conditions imposed. The student shall undertake research under the joint supervision of both departments.

This program is described in more detail at [www.mcgill.ca/gradapplicants/apply/prepare#program](http://www.mcgill.ca/gradapplicants/apply/prepare#program).

---

## 6.10 Reinstatement and Admission of Former Students

Revision, December 2012. Start of revision.

Students who have not been registered for a period of less than two years and who have not officially withdrawn from the University by submitting a signed Withdrawal Form to Service Point are eligible to be considered for reinstatement into their program. The student's department must recommend, in writing, that the student be reinstated, stipulating any conditions for reinstatement that it deems appropriate. If the student's department chooses not to recommend reinstatement, the student may appeal to the Associate Dean (Graduate and Postdoctoral Studies). The decision of the Associate Dean (Graduate and Postdoctoral Studies) shall be final and not subject to further appeal.

Revision, December 2012. End of revision.

Reinstatement fees will be charged in addition to the fees due for the academic session into which the student has been reinstated. The amount of the reinstatement fees is the tuition portion of fees owed for all unregistered terms, up to a maximum of two years just prior to the term of reinstatement.

If an individual has not registered for a period of more than two years, their student file will be closed. These individuals and those who have formally withdrawn may be considered for admission. Applicants' admission applications will be considered as part of the current admission cycle, in competition

x. Access to student services and athletic services are available to the Postdoc on an opt-in basis. Fees are applicable.

**5. Responsibilities**

i. Postdocs are subject to the responsibilities outlined in the *Handbook on Student Rights and Responsibilities* (“Green Book”), available at [www.mcgill.ca/secretariat/policies/students](http://www.mcgill.ca/secretariat/policies/students).

ii. Each academic unit hosting Postdocs should clearly identify Postdocs’ needs and the means by which they will be met by the unit.

iii. Each academic unit should assess the availability of research supervision facilities, office space, and research funding before recruiting Postdocs.

iv. Some examples of responsibilities of the department are the a

## 8.4 Leave of Absence for Health and Parental/Familial Reasons

A leave of absence may be granted for maternity or parental reasons or for health reasons (see *Programs, Courses and University Regulations > University Regulations and Resources > Graduate > : Health and Parental/Familial Leave of Absence Policy*).

Such a leave must be requested on a term-by-term basis and may be granted for a period of up to 52 weeks. Students and Postdocs must make a request for such a leave in writing to their department and submit a medical certificate. The department shall forward the request to Enrolment Services. See procedure under *Programs, Courses and University Regulations > University Regulations and Resources > Graduate > : Health and Parental/Familial Leave of Absence Policy*. Students who have been granted such a leave will have to register for the term(s) in question and their registration will show as “leave of absence” on their record. No tuition fees will be charged for the duration of the authorized leave. Research supervisors are not obligated to remunerate students and Postdocs on leave. GPS has prepared a summary table of various leave policies (paid or unpaid) for students and Postdocs paid from the Federal and Quebec Councils through fellowships or research grants. The document is available at [www.mcgill.ca/gps/students/progress/leave-vacation](http://www.mcgill.ca/gps/students/progress/leave-vacation) under “Information on the Funding Council Leave Policies for Graduate Students and Postdoctoral Fellows.”

## 8.5 Postdoctoral Research Trainees

### Eligibility

If your situation does not conform to the Government of Quebec's definition of Postdoctoral Fellow, you may be eligible to attend McGill as a Postdoctoral Research Trainee. While at McGill, you can perform research only (you may not register for courses or engage in clinical practice). Medical specialists who will have clinical exposure and require a training card must register through Postgraduate Medical Education of the Faculty of Medicine—not Graduate and Postdoctoral Studies.

The category of Postdoctoral Research Trainee is for:

**Category 1:** An individual who has completed requirements for the Doctoral degree or medical specialty, but the degree/certification has not yet been awarded. The individual will subsequently be eligible for registration as a Postdoctoral Fellow.

**Category 2:** An individual who is not eligible for Postdoctoral Registration according to the Government of Quebec's definition, but is a recipient of an external postdoctoral award from a recognized Canadian funding agency.

**Category 3:** An individual who holds a professional degree (or equivalent) in a regulated health profession (as defined under CIHR-eligible health profession) and is enrolled in a program of postgraduate medical education at another institution. The individual wishes to conduct the research stage or elective component of his/her program of study at McGill University under the supervision of a McGill professor. The individual will be engaged in full-time research with well-defined objectives, responsibilities, and methods of reporting. The application must be accompanied by a letter of permission from the home institution (signed by the Department Chair, Dean or equivalent) confirming registration in their program and stating the expected duration of the research stage. Individuals who are expecting to spend more than one year are encouraged to obtain formal training (master's or Ph.D.) through application to a relevant graduate program.

**Category 4:** An individual with a regulated health professional degree (as defined under CIHR-eligible health profession), but not a Ph.D. or equivalent or medical specialty training, but who fulfils criteria for funding on a tri-council operating grant or by a CIHR fellowship (up to maximum of five years post-degree).

**Note:** Individuals who are not Canadian citizens or permanent residents must inquire about eligibility for a work permit.

### General Conditions

- The maximum duration is three years;
- the individual must be engaged in full-time research;
- the individual must provide copies of official transcripts/diploma;
- the individual must have the approval of a McGill professor to supervise the research and of the Unit;
- the individual must have adequate proficiency in English, but is not required to provide official proof of English competency to Enrolment Services;
- the individual must comply with regulations and procedures governing research ethics and safety and obtain the necessary training;
- the individual will be provided access to McGill libraries, email, and required training in research ethics and safety. Any other University services must be purchased (e.g., access to athletic facilities);
- the individual must arrange for basic health insurance coverage prior to arrival at McGill and may be required to provide proof of coverage.

#### 11.1.2 About Anthropology

Our Department places high priority on research and on maintaining a distinguished graduate program. Each year, we admit only a small number of very highly qualified applicants for studies leading to the M.A. and Ph.D. degrees in Anthropology. Thus, our students benefit from close supervision by their committees and from high-quality peer exchange. By maintaining a high staff-student ratio, we are able to offer our graduate students an unusual degree of

flexibility and personalized attention in designing their programs according to their specific interests. There are no comprehensive examinations, and the program is particularly congenial to students who are self-directed.

*section 11.1.5: Master of Arts (M.A.); Anthropology (Thesis) (48 credits)*

The purpose of the M.A. program is to provide advanced-level training in anthropology and to prepare students for research at the Ph.D. level.

*section 11.1.6: Master of Arts (M.A.); Anthropology (Thesis) — Development Studies (48 credits)*

The Development Studies Option (DSO) is a cross-disciplinary M.A. program that is unique in Canada, if not the world, because it is designed to provide

11.1.3 Anthropology Admission Requirements and Application Procedures

Revision, October 2012. Start of revision.

11.1.3.1 Admission Requirements

For applicants to graduate studies whose mother tongue is not English, and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian institution (anglophone or francophone), a minimum TOEFL score of 600 on the paper-based or 100 on the Internet-based test (iBT), with each component score not less than 20, is required.

A number of teaching assistantships are available to graduate students in the Department. Applicants who wish to be considered for an assistantship, a McGill Recruitment Fellowship, or for Differential Fee Waivers (for international students) should include a note to that effect with their applications. For information regarding a variety of other fellowship programs, see the *Graduate Fellowships and Awards Calendar* available at [www.mcgill.ca/students/courses/calendars](http://www.mcgill.ca/students/courses/calendars).

Application information is available on the Department website.

**Master's**

Admission to the M.A. program is open competitively to students holding an Honours or Major B.A. in Anthropology. Outstanding candidates with B.A. degrees in other disciplines but with substantial background related to anthropology are sometimes admitted on the condition that they complete a specified number of additional courses in Anthropology.

The applicants admitted usually have undergraduate grade point averages of 3.5 or above on a 4.0-point scale.

**Ph.D.**

Admission to the Ph.D. program is open competitively to students with a master's degree in Anthropology. In very special circumstances, candidates with a master's degree in related disciplines may be admitted.

11.1.3.2 Application Procedures

McGill's online application form for graduate program candidates is available at [www.mcgill.ca/gradapplicants/apply](http://www.mcgill.ca/gradapplicants/apply).

Complementary Courses (6 credits)

Two Anthropology courses at the 500, 600, or 700 level.

11.1.11 Doctor of Philosophy (Ph.D.); Anthropology

Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner. The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate how the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly expression and for publication in the public domain.

Required Courses (9 credits)

Note: To ensure that students understand prior research, they must define three subfields which intersect with the thesis topic. They must register for the three Ph.D. tutorials listed below.

ANTH 700	(0)	Ph.D. Preliminary Examination
ANTH 790	(3)	Ph.D. Tutorial 1
ANTH 791	(3)	Ph.D. Tutorial 2
ANTH 792	(3)	Ph.D. Tutorial 3

Language Requirement

A language examination, normally French, must be passed before an oral examination of the research proposal may be scheduled. Francophone students can satisfy the language requirement by demonstrating competency in English. The purpose of the language requirement is to ensure that the student has access to anthropological literature in at least two languages. Under special circumstances, a language other than English or French may be substituted, provided that there is sufficient anthropological literature on the student's research topic in that language.

11.1.12 Doctor of Philosophy (Ph.D.); Anthropology & Neotropical Environment

All new Neotropical Environment students will be encouraged to spend the month of August (prior to September admission) in Panama to take their first core course and familiarize themselves with the country.

Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner. The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate how the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly expression and for publication in the public domain.

Required Courses (15 credits)

If admitted to Ph.D 2.

### 11.2.2 About Art History

The graduate program in Art History offers M.A. and Ph.D. degrees and is extremely active. The programs cover a wide range of areas of study delimited by the Department's fields of specialization, which include the following: Ancient; Medieval; Renaissance; the 17th, 18th, 19th, and 20th centuries;

*section 11.2.7: Doctor of Philosophy (Ph.D.); Art History*

Please contact the Department for more information about this program.

*section 11.2.8: Doctor of Philosophy (Ph.D.); Art History — Gender and Women's Studies*

The graduate option in Gender and Women's Studies is an interdisciplinary program for students who meet the degree requirements in a participating unit who wish to earn 6 credits of graduate work focusing on gender and women's studies, and issues in feminist research methods. The thesis must be on a topic centrally related to gender or women's studies.

11.2.3 Art History Admission Requirements and Application Procedures

Revision, October 2012. Start of revision.

11.2.3.1 Admission Requirements

Entrance into either the M.A. or Ph.D. programs is limited to the best qualified applicants. A minimum CGPA of 3.0 (equivalent, i.e., 75%), is highly recommended. The Department requires a research statement of at least 250 words outlining the candidate's particular research interest in Art History as well as a sample of his/her written work such as a seminar paper or, in the case of Ph.D. applicants, all or part of a research paper. For a complete list of materials required, see the Application Checklist below.

For international applicants whose first language is not English, please see [www.mcgill.ca/gradapplicants/apply](http://www.mcgill.ca/gradapplicants/apply) for more information.

**M.A. Program**

To apply to the M.A. program, candidates are normally expected to have a B.A. degree in art history or in another related field; candidates may come from other fields such as literature studies, comparative literature, ethnic studies, Canadian studies, architecture, urban studies, film studies, history of performance studies, or philosophy/aesthetics, but must have taken at least 10 courses relating to the history and theory of some aspect of the visual arts, preferably covering a wide range of historical time periods and geographical regions. In exceptional cases, applicants with a strong background in art history may be admitted but with additional requirements arranged in consultation with the Director of Graduate Studies to be completed before matriculation in the M.A. program.

**Ph.D. Program**

In order to apply to the Ph.D. program, candidates must hold an M.A. degree preferably in art history or in a related field together with an appropriate number of art history and related courses such as are described for entrance into the M.A. program. All candidates for the Ph.D. program are strongly advised to contact a potential supervisor well in advance of submitting the application in order to establish a relationship. Applicants who have a minimum GPA of 3.0 (75%) are advised to contact a potential supervisor well in advance of submitting the application in order to establish a relationship. Applicants who have a minimum GPA of 3.0 (75%) are advised to contact a potential supervisor well in advance of submitting the application in order to establish a relationship.

## Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner. The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate how the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly expression and for publication in the public domain.

### 11.4.2 About Communication Studies

The graduate program in Communication Studies offers M.A. and Ph.D. degrees. The program is concerned with the study of communication phenomena through interdisciplinary training that draws on a variety of fields including cultural studies, critical media and technology studies, public policy and governance, film, and sound studies. The program strives to offer a balance of humanities and social sciences approaches to the analysis of communication, and its orientation is primarily qualitative (rather than quantitative) in nature. The M.A. and Ph.D. degrees are academic in character.

as DHC and the Darling Foundry. The Canadian Centre for Architecture, with its archives and exhibitions and the *Bibliothèque et Archives nationales du Québec* also offer grants and research opportunities for local graduate students. A close relationship with the other three major universities in Montreal (Concordia University, *Université de Montréal*, and *Université du Québec à Montréal*) affords students access to a broad network of additional courses, lectures, and colleagues across the city.

## 11.4.3.1 Admission Requirements

**M.A.**

An honours bachelor's degree or equivalent is required of applicants to the M.A. program, with a minimum CGPA of 3.3 out of 4.0, or equivalent, i.e., B+ (75%). In any case, the transcript must show breadth or depth in related areas of study.

**Ph.D.**

Applicants to the Ph.D. program are expected to have completed the equivalent of an M.A. degree. Admission will be based on academic achievement and evidence of talent and strong motivation in Communication Studies.

## 11.4.3.2 Application Procedures

McGill's online application form for graduate program candidates is available at [www.mcgill.ca/gradapplicants/apply](http://www.mcgill.ca/gradapplicants/apply).

See [section 6.3: Application Procedures \(for All Admissions Starting Summer 2013\)](#) for detailed application procedures.

Applications will be considered by the deadline of January 15.

Inquiries regarding the program should be addressed to the Graduate Administrative Coordinator, Department of Art History and Communication Studies.

**11.5.2 About East Asian Studies**

The Department of East Asian Studies specializes in: modern and literary Chinese and Japanese; modern Korean; and in emerging fields of cultural analysis including cultural studies, women's literature, and the history of medicine, science, and technology. Research concentrations include East Asian literature, popular culture and religion, aesthetics, performance and politics, gender studies, film and media studies, early Chinese philosophy and newly excavated texts, and Chinese historical archaeology. The Department provides graduate training in the China and Japan fields at both the M.A. and Ph.D. levels. Candidates may study with Associate Members in other departments and faculties specializing in East Asia. Library holdings exceed 80,000 volumes and are being continually expanded. Candidates are expected to use primary and secondary sources in their theses and to spend time in Asia gathering data for their research topics. East Asian Studies provides excellent preparation for a future career in professions such as international business management, education, law, journalism, and communications, in addition to the necessary training for advanced study at the graduate level.

Members of the Department of East Asian Studies are recognized as being leading international experts in their chosen fields and disciplines, with numerous publications and honours to their credit.

The Centre for East Asian Research (CEAR), affiliated with the Department of East Asian Studies, actively supports and encourages community outreach. It offers a wide range of activities throughout the year such as lectures, presentations, seminars, workshops, speech contests, cultural activities, and additions of new associate members.

#### 11.5.5 Master of Arts (M.A.); East Asian Studies (Thesis) (Ad Hoc) (45 credits)

The Department only offers a thesis option. The M.A. program with thesis includes:

- four 3-credit graduate courses (12 credits);
- one graduate 3-credit seminar in theory/methodology (3 credits);
- one graduate 6-credit seminar or two graduate 3-credit seminars (6 credits); and
- thesis (24 credits).

Language Courses:

- A maximum of 6 credits of language courses at the 500 level or in a classical Asian language may be counted toward course requirements.
- Students must have fourth-level language equivalency by the completion of their M.A. program.

#### 11.5.6 Doctor of Philosophy (Ph.D.); East Asian Studies (Ad Hoc)

The Graduate Studies Committee will assign an advisory committee to advise the student and specify the student's program of study.

Exceptional students with appropriate background at the undergraduate level may be admitted directly into the Ph.D. program.

Students must complete at least 24 course credits, with a grade point average of 3.5 or better; this coursework must be chosen to identify three distinct fields for the Comprehensive Evaluation. Students may take up to two 3-credit courses or one 6-credit course in another department with the approval of the Graduate Program Director.

There are four requirements for obtaining the doctoral degree:

- Coursework** – 24 credits at the 600 or 700 level with a grade point average of 3.5 or better. On the basis of this coursework, the student should identify three distinct fields for the Comprehensive Evaluation. Students may take up to 6 credits in another department with the approval of the Graduate Program Director.
- Language** – Candidates will be required to demonstrate reading knowledge of a second Asian language, which may include either modern or literary (classical) language, in addition to the primary Asian language of their research. Candidates will also be expected to demonstrate reading knowledge of both French and English.

**section 11.6.8: Master of Arts (M.A.); Economics (Non-Thesis) — Social Statistics (45 credits)**

For students who wish to complement disciplinary training in Economics with research experience in applying statistical methods across the social sciences, the Department offers the Social Statistics Option. Students will normally complete the usual program course requirements, supplemented by further statistical courses, as advised by the option adviser, and subject to approval by the home department. Students will complete a statistics-based M.A. research paper (Economics, Political Science, Sociology) or thesis (Geography) in conjunction with an interdisciplinary capstone seminar. Acceptance into the program is by application to the Social Statistics Option Committee and is contingent on acceptance into the M.A. program in one of the participating departments (Economics, Geography, Political Science, Sociology), which in turn requires meeting Graduate and Postdoctoral Studies admission requirements.

**section 11.6.9: Doctor of Philosophy (Ph.D.); Economics**

The Ph.D. program in Economics is designed to prepare students for research, whether in an academic or government setting, and teaching. The Department's faculty members conduct research in all areas of economics. The low student-faculty ratio ensures students receive individual attention to their own research, and are able to act as research assistants to the Faculty. The Department collaborates with the four other economics departments in Montreal to extend the Ph.D.-level course offerings and invite numerous external speakers.

**11.6.3 Economics Admission Requirements and Application Procedures**

Revision, October 2012. Start of revision.

**11.6.3.1 Admission Requirements**

An Honours B.A. in Economics is the normal requirement, although students holding an ordinary B.A., whether in economics or another discipline, may also be eligible for admission. Students judged by the Admissions Committee to have deficiencies in their preparation in economics may be admitted to a Qualifying year in which they undertake advanced undergraduate work.

Students who have not previously passed a suitable course in statistics must take the undergraduate Honours Statistics course, ECON 257D1/ECON 257D2. A course in the history of economic thought is also a prerequisite for a graduate degree in Economics, and students who have not taken such a course will be required to take ECON 460 and ECON 461 or ECON 660 (the M.A. course in History of Economic Thought). Students are also expected to have completed or to complete three terms of introductory calculus and at least one term of linear algebra.

If your education has been interrupted or if you do not have an undergraduate or graduate degree in Economics from a Canadian university, you must take the Graduate Record Examination (General Test) and arrange for your scores to be sent to us. Note that the Graduate Management Admission Test (GMAT) cannot be substituted for the GRE. McGill University's institutional code is 0935. The Department of Economics' code is 1801. For more information about the GRE, please visit this [website](#).

**11.6.3.2 Application Procedures**

McGill's online application form for graduate program candidates is available at [www.mcgill.ca/gradapplicants/apply](http://www.mcgill.ca/gradapplicants/apply).

See [section 6.3: Application Procedures \(for All Admissions Starting Summer 2013\)](#) for detailed application procedures.

Information can be accessed on the Economics Department website at [www.mcgill.ca/economics](http://www.mcgill.ca/economics).

## 11.7.2 About English

The English Department has three broad areas of expertise: literature, drama and theatre, and cultural studies. The Department houses the Burney Centre, the Shakespeare Team, the Interacting with Print research group, McGill Medievalists, and members of the bilingual Novelists on the Novel research group. Research is conducted on all areas of English literature, including diverse national literatures and genres. Cultural studies involves cinema, visual culture, and aesthetics.

The English department offers both M.A. and Ph.D. degrees.

The M.A. program admits 22–25 students each year from around the world. Unlike many other M.A. programs in English, the McGill M.A. requires a major piece of research, whether a thesis or a research paper, which is carried out under the supervision of a faculty member. Approximately half of McGill M.A. graduates go on to a Ph.D. program, either at McGill or elsewhere. Other graduates have found employment with foundations, university development offices, publishing houses, consulting firms, and CEGEPs.

The Ph.D. program admits approximately six students each year from around the world. For their theses, doctoral students specialize in any area of English studies.

All students who apply will be considered for support, which normally takes the form of a Teaching or Research Assistantship.

Students with a B.A. in English, either Honours or major, can apply for the M.A. Typically

### 11.8.2 Généralités : Langue et littérature françaises

Le DLLF offre un environnement particulièrement convivial et stimulant pour des étudiants qui souhaitent faire une maîtrise ou un doctorat dans le vaste domaine des littératures de langue française, des théories littéraires ou de la traduction littéraire. Le DLLF offre aussi un M.A. avec option en écriture littéraire (« création littéraire » et « traduction littéraire »). Le DLLF accorde un financement garanti aux meilleurs de ses étudiants, ainsi que des bourses et des

assistanats de recherche (et des charges d'enseignement pour les

*section 11.8.5: Master of Arts (M.A.); Langue et littérature françaises (avec mémoire) (48 crédits)*

L'étudiant peut présenter un mémoire de critique littéraire ou un mémoire d'écriture littéraire.

*section 11.8.6: Master of Arts (M.A.); Langue et littérature françaises (avec mémoire) — études sur les femmes et le genre (48 crédits)*

L'option en études sur les femmes et le genre (« Graduate Option in Gender and Women's Studies ») est un programme pluridisciplinaire offert aux étudiants qui remplissent en même temps toutes les exigences du programme de maîtrise avec mémoire du Département de langue et littérature françaises. En plus des deux cours obligatoires suivis au Département, les étudiants doivent suivre un cours de 3 crédits réservé aux étudiants de cette option. Parmi les cours au choix, les étudiants doivent suivre deux cours de 3 crédits chacun qui ont été approuvés par l'option et qui portent sur des questions reliées au genre et aux recherches et méthodologies féministes. Leur mémoire doit porter sur un sujet explicitement lié au genre ou aux études sur les femmes.

Les deux premières sessions du programme de maîtrise sont consacrées à la scolarité, pour les étudiants inscrits à temps complet; ils doivent alors suivre 6 séminaires de 3 crédits (dont le FREN 697) et préparer leur sujet de mémoire (FREN 696 : 6 crédits). Les étudiants inscrits à mi-temps doivent s'inscrire à un minimum de deux séminaires par session.

L'étudiant peut présenter un mémoire de critique littéraire ou un mémoire d'écriture littéraire.

*section 11.8.7: Master of Arts (M.A.); Langue et littérature françaises (sans mémoire) (48 crédits)*

La maîtrise sans mémoire comprend trois trimestres de séminaires après quoi les étudiants préparent trois travaux de recherche (30 pages chacun) sous la direction de trois professeurs. Parmi les débouchés qui s'offrent aux diplômés, on compte l'enseignement (au niveau collégial) de même que divers métiers liés à la littérature et à la communication écrite (notamment dans le milieu éditorial).

Les trois premières sessions du programme sont consacrées à la scolarité, pour les étudiants inscrits à temps complet; ils doivent suivre 8 séminaires de trois crédits, soit 4 par session. Les cours FREN 697 et FREN 600 sont obligatoires. Les étudiants inscrits à mi-temps doivent s'inscrire à un minimum de deux séminaires par session.

*section 11.8.8: Doctor of Philosophy (Ph.D.); Langue et littérature françaises*

Les étudiants inscrits dans notre programme de doctorat sont titulaires d'une maîtrise dans la discipline (ou l'équivalent). Après une scolarité de deux trimestres, ils déposent au cours de la deuxième année leur projet de thèse et disposent d'un an pour préparer un examen préliminaire à la rédaction de leur thèse. L'ensemble du processus prend normalement entre quatre et cinq ans. Un grand nombre de nos diplômés se destinent à une carrière universitaire.

**Thèse**

Une thèse de doctorat doit constituer une recherche inédite et représenter un apport distinct au savoir. Elle doit témoigner de la connaissance des travaux antérieurs réalisés dans le domaine et montrer la capacité de planifier et d'accomplir la recherche, d'organiser les résultats et de défendre la démarche et les conclusions de manière savante. Le travail de recherche présenté doit correspondre aux normes actuelles de la discipline; la thèse doit en outre clairement montrer comment son contenu fait progresser les connaissances dans le domaine. Enfin, la thèse doit être rédigée conformément aux normes d'expression universitaire et savante et de publication dans le domaine public.

**Épreuve d'anglais**

Tous les étudiants de Ph.D. doivent réussir, avant le dépôt de leur thèse, une épreuve destinée à vérifier leur connaissance de la langue anglaise (FREN 790).  
Peuvent être dispensés de cette épreuve les traducteurs professionnels et les étudiants qui ont fait des études antérieures dans des collèges ou des universités anglophones, à condition que leur programme ait comporté des cours donnés en anglais. Le fait d'avoir suivi un ou plusieurs cours de traduction ne suffit pas.

Aucune dispense n'est automatique. Les demandes de dispense doivent être soumises par écrit au Comité des études de 2e et 3e cycles et de la recherche.

#### **Centre for Climate and Global Change Research**

The Department of Geography, with the McGill Departments of Atmospheric and Oceanic Sciences, Economics, Natural Resource Sciences, and several departments from the *Université du Québec à Montréal* and *Université de Montréal*, developed a collaborative research centre that examines climate and global change. There are graduate opportunities through this centre.

For more information contact Professor Nigel Roulet, Director, Centre for Climate and Global Change, McGill University.

Being both a natural and a social science, geography provides a unique opportunity to obtain a broad exposure to modes of analyzing the many environmental and situational problems of contemporary society. Because of this, a geography degree is a fantastic opportunity to obtain a career in one of a diverse range of fields. Our students have gone on to become United Nations field researchers in Laos, environmental consultants in Toronto, science teachers in the U.S., geography professors in many parts of the world, UNHCR volunteers in Malaysia, and policy analysts, as well as health and social policy researchers in Montreal...the list goes on! **Faculty of Arts > Graduate > Academic Programs > Geography > [section 11.9.9: Master of Arts \(M.A.\); Geography \(Thesis\) — Gender and Women's Studies \(45 credits\)](#)**

This is an interdisciplinary program for Geography students wishing to focus on gender and women's studies and issues in feminist research and methods. Included within it are a thesis (30 credits) typically on gender and women's studies, and required (6) and complementary (9) courses from Geography and Women's Studies.

**Faculty of Arts > Graduate > Academic Programs > Geography > [section 11.9.10: Master of Arts \(M.A.\); Geography \(Thesis\) — Social Statistics \(45 credits\)](#)**

The Social Statistics option focuses on applications of quantitative methods in social science and is composed of the thesis (30 credits); required (6) Geography courses; and complementary (9) Geography, Sociology, Economics, and Political Science courses. The program complements disciplinary training with research experience applying statistical methods to Statistics Canada data (or equivalent). Students will usually complete normal program course requirements supplemented by further statistical courses (as advised by the option adviser and subject to approval by the home department). Students will complete a statistics-based M.A. research paper (Economics, Political Science, Sociology) or thesis (Geography) in conjunction with an interdisciplinary capstone seminar. Acceptance into the program is by application to the Social Statistics Option Committee and is contingent on acceptance into the M.A. program in one of the participating departments (Economics, Geography, Political Science, Sociology), which in turn requires meeting Graduate and Postdoctoral Studies admission requirements.

**Master of Science (M.Sc.) Programs in Geography****Faculty of Science > Graduate > Academic Programs > Geography > : [Master of Science \(M.Sc.\); Geography \(Thesis\) \(45 credits\)](#)**

Master's degrees in both the physical (M.Sc.) and social (M.A.) sciences are offered by Geography. The core of both programs for all students is field-based research, supervised by a faculty member, culminating in a thesis. The core program consists of the thesis component (30 credits), required (3), and complementary (12) graduate (500- or 600-level) courses. Geography also offers a number of M.A. and M.Sc. options in association with other McGill departments and programs that students may choose to follow.

**Faculty of Science > Graduate > Academic Programs > Geography > : [Master of Science \(M.Sc.\); Geography \(Thesis\) — Environment \(45 credits\)](#)**

The Environment option is offered in association with the McGill School of Environment (MSE) and is composed of a thesis component (24 credits); required (9) Geography and Environment courses; and complementary (12) Geography and Environment courses. The graduate option in Environment provides students with an appreciation of the role of science in informing decision-making in the environment sector, and the influence of political, socio-economic, and ethical judgments. Students who have been admitted through their home department or Faculty may apply for admission to the option. Option requirements are consistent across academic units. The option is coordinated by the MSE, in partnership with participating academic units.

**Faculty of Science > Graduate > Academic Programs > Geography > : [Master of Science \(M.Sc.\); Geography \(Thesis\) — Neotropical Environment \(45 credits\)](#)**

The McGill-STRI Neotropical Environment Option (NEO) is a research-based option for master's students is offered in association with several university departments, the McGill School of Environment, and the Smithsonian Tropical Research Institute (STRI-Panama). The option includes thesis (30 credits); required (9) courses in Geography, Environment, and Biology; and complementary (6) courses chosen from Geography, Agriculture Sciences, Biology, Sociology, Environment, and Political Science. NEO is aimed at students who wish to focus their graduate research on environmental issues relevant to the Neotropics and Latin American countries. NEO favours interdisciplinary approaches to research and learning through the participation of researchers from McGill and from STRI. Students will complete their research in Latin America and NEO's core and complementary courses will be taught in Panama. NEO's educational approach seeks to facilitate a broader understanding of tropical environmental issues and the development of skills relevant to working in the tropics.

**Ph.D. Programs in Geography****[section 11.9.11: Doctor of Philosophy \(Ph.D.\); Geography](#)**

The doctoral degree in Geography includes the successful completion of the comprehensive examination, a thesis based on original research, and coursework chosen in collaboration with the student's supervisor and/or research committee. The main elements of the Ph.D. are the thesis and comprehensive examination, a required Methods of Geographical Research course (3), and a minimum of two complementary (6) courses. The Ph.D. in Geography also includes several options.

**[section 11.9.12: Doctor of Philosophy \(Ph.D.\); Geography — Environment](#)**

The Environment option consists of the thesis and comprehensive examination; required (9) courses from Geography and Environment; and complementary (9) courses in Environment or other fields recommended by the research committee and approved by the Environment Option Committee. The graduate option in Environment provides students with an appreciation of the role of science in informing decision-making in the environment sector, and the influence of political, socio-economic, and ethical judgments. Students who have been admitted through their home department or Faculty may apply for admission to the option. Option requirements are consistent across academic units. The option is coordinated by the MSE, in partnership with participating academic units.

### *section 11.9.13: Doctor of Philosophy (Ph.D.); Geography — Gender and Women's Studies*

This doctoral option is an interdisciplinary program for students who meet the degree requirements in Geography and who wish to earn 9 credits of approved coursework on gender and women's studies and issues in feminist research and methods. It includes a thesis centrally related to gender and/or women's studies, the comprehensive examination, required (9) courses in Geography and Women's Studies, and complementary (6) courses, one of which must pertain to gender and/or women's issues.

### *section 11.9.14: Doctor of Philosophy (Ph.D.); Geography — Neotropical Environment*

The McGill-STRI Neotropical Environment Option (NEO) is a research-based option for Ph.D. students offered in association with several university departments, the McGill School of Environment, and the Smithsonian Tropical Research Institute (STRI-Panama) and includes the thesis; comprehensive examination; required (9) courses in Geography, Environment and Biology; and complementary (3) courses chosen from Geography, Agriculture Sciences, Biology, Sociology, Environment, and Political Science. NEO is aimed at students who wish to focus their graduate research on environmental issues relevant to the Neotropics and Latin American countries. NEO favours interdisciplinary approaches to research and learning through the participation of researchers from McGill and from STRI. ## 11.9.3 Geography Admission Requirements and Application Procedures

Revision, October 2012. Start of revision.

### 11.9.3.1 Admission Requirements

#### **M.A. and M.Sc. Degrees**

Applicants not satisfying the conditions in [section 6: Graduate Admissions and Application Procedures](#), but with primary undergraduate specialization in a cognate field, may be admitted to the M.A. or M.Sc. degree in Geography in certain circumstances. In general, they, and others who have deficiencies in their preparation but are otherwise judged to be acceptable, will be required to register for a Qualifying program or to undertake additional courses.

#### **Ph.D. Degree**

Students who have completed a master's degree in Geography (with high standing) may be admitted at the Ph.D. 2 level.

On rare occasions, a student may be admitted to the Ph.D. degree without having first taken the master's degree. They, and others who have deficiencies in their preparation but are otherwise acceptable, will be required to register for a year of coursework and/or be required to take extra courses. The normal duration of a program, including field work where required, is three years.

Normally, the Department will restrict admission to the Ph.D. program to students prepared to work in one of the fields of human or physical geography in which specialized supervision is offered by the department.

Students admitted to this option participate in an interdisciplinary seminar in place of three history seminar credits and a variety of graduate-level courses on international development issues. The M.A. thesis must be on a topic relating to development studies, approved by the DSO coordinating committee.

***section 11.10.7: Master of Arts (M.A.); History (Thesis) — European Studies (45 credits)***

The European Studies Option (ESO) is a cross-disciplinary M.A. program offered as an option within existing M.A. programs in the departments of History, Political Science, and Sociology, as well as the Faculty of Law. This option is for students interested in combining the approaches of history and political science to European studies, whose work is focused on Europe, in particular on issues relating to European integration, broadly understood. Students admitted to this option participate in an interdisciplinary seminar in place of three history seminar credits and write their thesis on a topic approved by the specific option's coordinating committee. The M.A. thesis must be on a topic relating to European Studies, approved by the ESO coordinating committee.

***section 11.10.13: Master of Arts (M.A.); History of Medicine (Non-Thesis) (45 credits)***

The M.A. Degree in the History of Medicine does not have a thesis option. This non-thesis degree is normally completed in one year. Candidates for the M.A. degree follow an individual program approved by the Department. Students participate in courses and seminars that deepen their understanding of the problems, topics, and issues confronting professional historians. The curriculum is intended to provide students with a strong disciplinary competence in history and a distinctively interdisciplinary perspective. Candidates must hav

*section 11.10.15: Master of Arts (M.A.); Classics (Thesis) (45 credits)*

The M.A. in Classics offers advanced training in the scholarly discipline of classical studies in a variety of fields. The program emphasizes proficiency both in technical areas of the discipline, especially Greek and Latin language, and in critical reading, writing, and research skills. The McGill M.A. in Classics is designed to prepare students to enter doctoral programs and, eventually, an academic career in any of the related fields of classical studies. Graduates have also pursued successful careers in teaching, law, museum science, and branches of civil service. This program can be completed in one year, though it is normally completed in two years.

### 11.10.3 History and Classical Studies Admission Requirements and Application Procedures

Revision, October 2012. Start of revision.

#### 11.10.3.1 Admission Requirements

General: CGPA minimum of 3.3 on 4.0; TOEFL minimum of 550 on the paper-based test, or 86 on the Internet-based test, with each component score no less than 20.

#### **Master in History**

Normally, candidates are required to possess a B.A. (Honours) in History consisting of 60 credits in history. Students with other undergraduate history degrees (normally including serious research components) may be considered eligible. Applicants not satisfying these conditions but otherwise judged worthy of serious consideration will be asked to register in a Qualifying Program in which they will undertake advanced undergraduate work.

#### **Master in History – Development Studies Option**

Students have the same admission requirements as above.

#### **Master in History – European Studies Option**

Students have the same admission requirements as above.

#### **Master in History – Gender and Women's Studies Option**

Students have the same admission requirements as above.

#### **Master in History of Medicine**

Candidates must have a background in either history – B.A. (Honours) or equivalent – or a degree in one of the health professions with some background in history. Candidates with a willingness to do preparatory work in history are also encouraged to apply.

#### **Ph.D. in History**

Normally, an M.A. in History. (Students choosing the field of History of Medicine normally enter with an M.A. in History of Medicine.)

9 credits of ISLA courses at the 500 level or higher.

With permission of the Institute, up to 3 credits of these 9 credits of Complementary Courses may be chosen from departments at McGill or other educational institutions.

#### Language Requirement

Students must demonstrate proficiency in Arabic at the second-year level as evidenced by completion of ISLA 522 or by an examination administered by the Institute.

### 11.12.7 Doctor of Philosophy (Ph.D.); Islamic Studies

#### Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner. The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate how the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly expression and for publication in the public domain.

#### Required Course

ISLA 701 (0) Comprehensive Examination

The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate how the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly expression and for publication in the public domain.

#### ***section 11.13.5: Master of Arts (M.A.); Jewish Studies (Thesis) (45 credits)***

This option is aimed at students who have acquired a rich background in Jewish studies through their B.A. and who are now ready to focus their study on one period and/or discipline within the broad field of Jewish civilizational studies. Students choosing Eastern European studies, Jewish thought, or Hebrew literature must enter the program with a good command of either Hebrew or Yiddish according to their chosen specialization. The degree is normally completed within two years. Subsequent career paths are varied, but could include work in Jewish communal agencies, Jewish schools, Jewish foundations, the rabbinate, or further graduate study in a related field.

#### ***section 11.13.5: Master of Arts (M.A.); Jewish Studies (Thesis) (45 credits) – History of the Jewish Interpretation of the Bible***

This option is aimed at students who have acquired a rich background in Bible and Jewish studies through their B.A. and who now wish to study the Bible and its interpretation within Jewish circles at an advanced level. Students choosing this path must enter the program with a good command of Hebrew. The degree is normally completed within two years. Subsequent career paths are varied, but could include work in Jewish communal agencies, Jewish schools, Jewish foundations, the rabbinate, or further graduate study in a related field.

#### ***section 11.13.6: Master of Arts (M.A.); Jewish Studies (Non-Thesis) (45 credits)***

This option is aimed at students who have acquired some background in Jewish studies through their B.A. and who wish to add to their knowledge without having to concentrate on one period or discipline within the broad field of Jewish civilizational studies. Students may take courses in related disciplines outside of Jewish Studies if appropriate. The degree is normally completed within two years. Students must demonstrate good command of Yiddish or Hebrew prior to graduation. Subsequent career paths are varied, but could include work in Jewish communal agencies, Jewish schools, Jewish foundations, the rabbinate, or further graduate study in a related field.

#### **Ph.D. in Jewish Studies**

This is an *ad hoc* program. Please contact the Department for further information on this option.

### 11.13.3 Jewish Studies Admission Requirements and Application Procedures

Revision, October 2012. Start of revision.

#### 11.13.3.1 Admission Requirements

Ideally, applicants would have completed a B.A. Honours in Jewish Studies. If an applicant is otherwise deemed acceptable, it is possible to be admitted to a Qualifying year. Students seeking admission to History of Jewish Interpretation of the Bible must demonstrate competence in Hebrew prior to beginning the program.

In addition to the appropriate references, transcripts, and examination scores, applicants should send samples of their academic work in their field of interest. Personal interviews are strongly recommended.

#### 11.13.3.2 Application Procedures

McGill's online application form for graduate program candidates is available at [www.mcgill.ca/gradapplicants/apply](http://www.mcgill.ca/gradapplicants/apply).

See [section 6.3: Application Procedures \(for All Admissions Starting Summer 2013\)](#) for detailed application procedures.

#### 11.13.3.2.1 Additional Requirements

The items and clarifications below are additional requirements set by this department:

- Research Proposal
- Curriculum Vitae
- Written Work

Dates for Graduate competence recommended.

collection of films and music has over 300 titles from Latin America and Spain, with media in Spanish, Portuguese, and English. The Department offers unique opportunities for graduate students through its involvement in The Hispanic Baroque Project, a SSHRC-MCRI funded research project. The Project membership includes an international team of more than 30 scholars from all over the world.

A limited number of language instructorships are available each year and those interested should apply c/o the Graduate Coordinator.

### ITALIAN STUDIES

The Department's current areas of expertise and methodological orientations are broadly indicated below. Prospective applicants should also consult individual faculty members' research profiles on the Departmental website for more detailed information. They are also invited to send research inquiries to individual professors.

- A) 19th, 20th, and 21st century narrative;
- B) Medieval and Renaissance literature and culture; and
- C) Italian cinema from post-World War II neorealism to the present.

These areas are approached from the perspective of:

1. relations with the historical, social, and political contexts;
2. intertextual relations with contemporary and antecedent works and movements in other European literatures and cultures, with a special attention to questions of identity construction;
3. gender issues; and
4. cultural studies.

### Master's Programs

The coursework and the thesis and/or research papers must demonstrate that the student possesses a sound knowledge of the language, is familiar with all periods of Italian literature, and has developed the background and skills necessary to carry out scholarly research.

The regulations concerning the M.A. degree, as stated in the Graduate and Postdoctoral Studies *University Regulations and Resources* publication apply.

### Ph.D. (*Ad Hoc*)

The Department of Languages, Literatures, and Cultures also offers the possibility of directly entering a Ph.D. program in Italian Studies on an *ad hoc* basis, or, with the permission of the supervisor and the approval of the Graduate Program Director, exceptional students may transfer from the M.A. to the *ad hoc* Ph.D. program.

### RUSSIAN AND SLAVIC STUDIES

#### Master's and Ph.D. in Russian

The Department of Russian and Slavic Studies of McGill University offers graduate instruction at both the M.A. and Ph.D. levels. Our faculty specializes in 19th- and 20th-century Russian literature and culture, working in such areas as the Russian Novel, Dostoevsky, Chekhov, Russian Modernism, Russian Romanticism, High Stalinist Culture, Post-Soviet culture, cultural mythology, intertextuality, and women's studies. The list of current graduate courses attests to the range and diversity of approaches in the Department. We offer a broad and flexible range of graduate seminars. Current graduate students collaborate with the Department of Art History and Communication Studies and with the McGill Centre for Research and Teaching on Women (MCRTW). Our small but dynamic program allows for a great deal of personal attention, an atmosphere of collegiality, and a close-knit intellectual community. The candidate for admission must have an aptitude for research work and be able to make an original contribution to knowledge. Particular emphasis is placed on working with the original language; credits may be allotted, at the discretion of the Department, to coursework leading to advanced proficiency in this area.

#### Ph.D. Language Tests

Ph.D. candidates in other departments who require Russian for research and in satisfaction of the language requirement should contact the Department for recommended courses.

Original research work and the scholarly qualities of the thesis are the principal criteria for conferring a graduate degree in Russian.

#### **section 11.14.5: Master of Arts (M.A.); German (Thesis) (48 credits)**

Students enrolled in the M.A. with thesis option complete six 3-credit courses and write an M.A. thesis under the direction of one faculty member. Students enrolled in the thesis M.A. in German take fewer courses than non-thesis M.A. students and finish their program by conceiving and executing a substantial research project under the supervision of one professor. This M.A. is geared toward students planning to do a Ph.D. in German Studies or a related field. M.A. students in this track have gone on to do Ph.D. degrees in German and related fields, and pursue academic careers.

#### **section 11.14.6: Master of Arts (M.A.); German (Non-Thesis) (45 credits)**

Students enrolled in the M.A. with non-thesis option complete nine 3-credit courses and three research papers. This program is geared toward students who may or may not plan to do a Ph.D. in German and therefore do not necessarily need to undertake a major research project, but would like to acquire a broad basis of courses in German culture and media. Non-thesis M.A. students have gone on to pursue a variety of careers inside and outside the academy.

#### **section 11.14.7: Master of Arts (M.A.); Hispanic Studies (Thesis) (48 credits)**

**(Currently, students are only admitted to the thesis option in exceptional circumstances.)**

***section 11.14.7: Master of Arts (M.A.); Hispanic Studies (Thesis) (48 credits)***

The combination of three courses and one Thesis Preparation course will permit these students the 12 credits per term average that is required for most fellowships.

***section 11.14.8: Master of Arts (M.A.); Hispanic Studies (Non-Thesis) (48 credits)***

All candidates pursuing the M.A. without thesis, both full- and part-time, must successfully complete at least one of their Guided Research projects during the first 12 months. In accordance with the regulations established by Graduate and Postdoctoral Studies, students in non-thesis programs who do not take at least 12 credits per term for the duration of the program are considered to proceed toward their degree on a part-time basis.

***section 11.14.9: Master of Arts (M.A.); Italian (Thesis) (45 credits)***

Students enrolled in the M.A. (thesis) option complete seven 3-credit courses and write an M.A. thesis under the direction of a faculty member.

***section 11.14.10: Master of Arts (M.A.); Italian (Non-Thesis) (45 credits)***

Students enrolled in the M.A. (non-thesis) option complete nine 3-credit courses and two in-depth research papers under the direction of a faculty member.

***section 11.14.11: Master of Arts (M.A.); Russian (Thesis) (48 credits)***

The M.A. in Russian and Slavic Studies consists of coursework plus a research component, which consists of an M.A. thesis proposal and an M.A. thesis.

***section 11.14.12: Doctor of Philosophy (Ph.D.); German***

Students enrolled in the Ph.D. program in German Studies take courses in literature, film, and media history during their first two years, before designing a set of comprehensive qualifying exams tailored toward their particular research and future teaching interests. After passing their exams (including language examination(s)), students may develop a doctoral dissertation topic in consultation with a Departmental faculty member. Students enrolled in this program have gone on to teach German Studies and related fields in universities, CEGEPs, or high schools, as well as pursuing some careers outside of the academy.

### 11.16.2 About Mathematics and Statistics

The Department of Mathematics and Statistics offers programs that can be focused on applied mathematics, pure mathematics, and statistics leading to master's degrees (M.A. or M.Sc.), with program options in Bioinformatics and in CSE (Computational Science and Engineering). The research groups are: Algebra Category; Theory and Logic; Geometric Group Theory; Algebraic Geometry; Discrete Mathematics; Mathematical Physics; Analysis and its Applications; Differential Geometry; Number Theory; Applied Mathematics; Differential Equations; and Probability and Statistics. In the basic master's programs, students must choose between the thesis option, and the non-thesis option which requires a project. The Bioinformatics and CSE options require a thesis. In addition to the Ph.D. program in Mathematics and Statistics, there is a Ph.D. option in Bioinformatics.

The Department website ([www.math.mcgill.ca](http://www.math.mcgill.ca)) provides extensive information on the Department and its facilities, including the research activities and the research interests of individual faculty members. It also provides detailed information, supplementary to the *Programs, Courses and University Regulations* publication, concerning our programs, admissions, funding of graduate students, thesis requirements, advice concerning the choice of courses, etc.

Students are urged to consult the website ([www.math.uqam.ca/ISM](http://www.math.uqam.ca/ISM)) of the *Institut des Sciences Mathématiques* (ISM), which coordinates intermediate and advanced-level graduate courses among Montreal and Quebec universities. A list of courses available under the ISM auspices can be obtained from the ISM website. The ISM also offers fellowships and promotes a variety of joint academic activities greatly enhancing the mathematical environment in Montreal and in the province of Quebec.

### 11.17.2 About Philosophy

The Department of Philosophy has particular strength in the following areas: Ancient Philosophy; Early Modern Philosophy; Kant and post-Kantian German Philosophy; Philosophy of Language and Philosophy of Mind; Aesthetics; Moral and Political Philosophy; Feminist Philosophy; History and Philosophy of Science and Mathematics; Contemporary European Philosophy.

The Department offers assistance to students in every aspect of placement. Our Placement Officer counsels students about coursework and areas of competence, helps to establish evidence of teaching ability, administers the dossier for job applications, and provides advice and follow-up in the interview process. Many of our graduates hav

## 11.18 Political Science

### 11.18.1 Location

Department of Political Science  
 Stephen Leacock Building, Room 414  
 855 Sherbrooke Street West  
 Montreal, QC H3A 2T7  
 Canada

Applicants to graduate studies whose mother tongue is not English, and who have not completed an undergraduate or graduate degree from a recognized foreign institution where English is the language of instruction or from a recognized Canadian/American institution (anglophone or francophone), must submit TOEFL scores. A minimum score of 600 on the paper-based test (or 100 on the Internet-based test, with each component score not less than 20) is required for admission. Please use the codes McGill 0935 – Political Science 89 when writing the TOEFL exam. See [www.ets.org/toefl](http://www.ets.org/toefl) for more information on registering for the test. The IELTS (International English Language Testing Systems) with a minimum overall band of 6.5 is also acceptable. Files will not be considered unless TOEFL/IELTS scores are received before the Dates for Guaranteed Consideration (January 15 for admission in the Fall).

For more information, consult the following websites: [www.ets.org/gre](http://www.ets.org/gre) and [www.ets.org/toefl](http://www.ets.org/toefl).

### 11.18.3.2 Application Procedures

### 11.18.13 Doctor of Philosophy (Ph.D.); Political Science

#### Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner.

Major Fields: 8 courses

Four courses chosen in first major field.

Four courses chosen in second major field.

Note: One course out of the eight must be a 700-level research seminar in one of the major fields.

Political Theory: 1 course

One course in political theory at the 500, 600, or 700 level.

Methods: 1 course

POLI 612 (3) Research Design and Empirical Methods

or another suitable Advanced Methods course.

Additional Courses: 3 courses

Three additional courses of which at least one must be outside the student's major fields.

Advanced Research Tools

Language Requirement: Students must pass an advanced-level translation test from a language other than English. If the student's research will involve field work in a country where English is not widely spoken, the test will include an oral component. In selecting a language to fulfil this requirement, the student must demonstrate in writing how the chosen language is related to his or her research.

OR

Advanced Statistical Methods: To fulfil this requirement, students must complete a course (at the 500, 600, or 700 level) in advanced statistical methods.

#### 11.18.14 Doctor of Philosophy (Ph.D.); Political Science & Gender and Women's Studies

WMST 602	(3)	Feminist Research Symposium

Complementary Courses (33 credits)

11 (3-credit) courses at the 600 level or higher chosen as follows:

Major Fields

24 credits selected as follows:

12 credits in the first major field.

12 credits in the second major field.

Note: 3 credits out of the 24 credits must be a 700-level research seminar in one of the major fields.

Political Theory

3 credits in political theory at the 500, 600, or 700 level.

## Methods

3 credits of:

POLI 612 (3) Research Design and Empirical Methods

## Gender Courses

3 credits at the 500 level or higher from the list of complementary courses offered by the graduate option in Gender and Women's Studies.

## Advanced Research Tools

Language Requirement: Students must pass an advanced-level translation test from a language other than English. If the student's research will involve field work in a country where English is not widely spoken, the test will include an oral component. In selecting a language to fulfil this requirement, the student must demonstrate in writing how the chosen language is related to his or her research.

## 11.19.6 Doctor of Philosophy (Ph.D.); Psychology

All candidates for the Ph.D. degree must demonstrate broad scholarship, mastery of current theoretical issues in psychology and their historical development, and a detailed knowledge of their special field. Great emphasis is placed on the development of research skills, and the dissertation forms the major part of the evaluation at the Ph.D. level.

Ph.D. students in Clinical Psychology must fulfil similar requirements to Ph.D. students in the Experimental Program and must also take a variety of specialized courses, which include practicum and internship experiences.

### Thesis

A thesis for the doctoral degree must constitute original scholarship and must be a distinct contribution to knowledge. It must show familiarity with previous work in the field and must demonstrate ability to plan and carry out research, organize results, and defend the approach and conclusions in a scholarly manner. The research presented must meet current standards of the discipline; as well, the thesis must clearly demonstrate how the research advances knowledge in the field. Finally, the thesis must be written in compliance with norms for academic and scholarly expression and for publication in the public domain.

- one in medical anthropology, given jointly with the Department of Anthropology;
- one in medical history, given jointly with the Department of History and Classical Studies; and
- two in medical sociology, given jointly with the Department of Sociology.

In each program, the student may work toward the M.A. and Ph.D. degrees. All degrees are awarded by the relevant Faculty of Arts department. For further information regarding those departments, please consult the Anthropology, History, or Sociology sections.

The Department (SSOM) is interdisciplinary, having faculty in the fields of medical anthropology, medical history, and medical sociology. In its programs of graduate studies, it attempts to provide two things: training that is solidly grounded in the discipline of the chosen program, i.e., in anthropology, history, or sociology; and, through seminars and interaction with Department members and other graduate students, exposure to the other disciplines that are represented in the Department. The Department aims to instill in its graduates a combination of disciplinary competence and interdisciplinary perspective.

***section 11.1.10: Master of Arts (M.A.); Medical Anthropology (Thesis) (48 credits)***

The program is open to students with backgrounds in the social sciences, the medical professions, or the medical sciences. The M.A. degree is awarded by the Anthropology Department and admission is granted by a joint Admissions Committee made up of representatives from Anthropology and the Department of Social Studies of Medicine.

***section 11.10.13: Master of Arts (M.A.); History of Medicine (Non-Thesis) (45 credits)***

Admission is granted by a joint Admissions Committee made up of representatives from Sociology and SSOM. For details concerning applications, teaching, assistantships, fellowships, etc., see the Department of Sociology: [www.mcgill.ca/sociology/grad/requirements](http://www.mcgill.ca/sociology/grad/requirements).

## 11.22.2 About Social Work

The School of Social Work offers dynamic M.S.W. and Ph.D. programs, designed to explore cutting edge knowledge on social work theory, practice, policy, and research. We have an exciting and growing faculty with a variety of research and practice expertise in the fields of: child welfare; health, mental health, and disability; poverty; aging; First Peoples; marginalized groups (e.g., immigrants and refugees, war affected populations, gay, lesbian, bisexual, and transgender people); loss and bereavement; domestic violence; and international social work. Our approaches to practice and research cover all levels of intervention from individuals, families, groups, and communities. Located within the School of Social Work are specialized centres devoted to research and training in the areas of domestic violence; children and families; and international human rights. Graduate students also have access to workstations equipped with computers, and many professional development workshops and seminars. Several research assistantships and teaching assistantships are available each year.

The McGill School of Social Work is a member of the International Association of Schools of Social Work, the Canadian Association for Social Work Education, and of the *Rassemblement des Unités de Formation Universitaire en Travail Social du Québec*.

The School of Social Work is a professional school with the primary objective of preparing students for careers and for leadership in the fields of social work and social welfare.

### Qualifying Year Entry into the M.S.W. Program

Applicants demonstrating academic excellence and a minimum of one year of social work-related experience (voluntary and/or professional) are considered for admission to the Qualifying year of study in preparation for entry to the M.S.W. (Non-Thesis) program. The objective of this preparatory year is to provide students with essential foundation social work knowledge that will provide a basis upon which to embark on graduate-level studies in social work.

### M.S.W. Program

The overarching objective of the master's program is the provision of advanced professional training by means of integrated learning experiences. Specifically, the educational goals are to:

1. develop a deepened and advanced competence in practice and research;
2. embrace a capacity for critical understanding of social theories, social problems, and emergent issues; and
3. understand population groups in need, institutional structures, and policy initiatives and processes.

The M.S.W. degree can be pursued via two options: thesis and non-thesis. Both options carry a weight of 45 credits, and, taken on a full-time basis, both options involve three terms of study. In both options, part-time study can be arranged.

There are two points of entry into the M.S.W., one for those who **hold a B.S.W. degree**, and one for those who **hold an honour's undergraduate degree in another discipline**.

### Ph.D. Program in Social Work

The School of Social Work offers a dynamic Ph.D. program in social work/social policy in order to promote the development of scholarship on social issues within Canada and Quebec. Courses are offered in English at McGill. A parallel stream is offered in French at *Université de Montréal*. Students have the option of taking courses at either university.

The program aims to:

1. prepare graduates for careers in university teaching and research, policy development, implementation and evaluation, practice and program evaluation, leadership and management of human services;
2. offer students the opportunity to acquire research methodology skills and to apply these to a range of areas relevant to social work; and
3. stimulate original research on important social problems and issues.

**Note:** While not a prerequisite for admission, possession of a working knowledge of the French language is important not only to candidates who intend to seek admission to the Quebec professional *Ordre* after graduation but also to those who wish to maximize their field placement opportunities during their program. In consultation with the Field Education Coordinator, students may have the option of completing their field requirements at an approved social service agency outside of Quebec.

#### **section 11.22.6: Master of Social Work (M.S.W.); Social Work (Thesis) (45 credits)**

The M.S.W. Thesis option is designed for students who have a keen interest in developing an advanced intellectual understanding and a specialized set of research skills in one of three areas: Children and Families; Health and Social Care; or International and Community Development. Program requirements consist of a thesis and six courses (two of which are required), taken over an extended period of three to four terms of full-time study. Prospective students will hold a B.S.W. degree with a minimum of one year of prior social work related experience (voluntary and/or professional). Subsequent career paths are varied and lead to exciting opportunities in health, social services, and community organizing, where social workers undertake clinical, leadership, or policy roles.

#### **section 11.22.7: Master of Social Work (M.S.W.); Social Work (Non-Thesis) (45 credits)**

The M.S.W. Non-Thesis option is designed for students who have a keen interest in developing an advanced intellectual understanding and a specialized set of practice skills in one of three areas: Children and Families; Health and Social Care; or International and Community Development. This program

*section 11.22.7: Master of Social Work (M.S.W.); Social Work (Non-Thesis) (45 credits)*

includes three semesters of full-time study that consist of coursework, professional education in a supervised field placement, and an independent study project. Prospective students will hold a B.S.W. degree with a minimum of one year of prior social work related experience (voluntary and/or professional), or will hav

Criteria considered in weighing applications include:

- quality of the student's research project;
- conviction/motivation demonstrated in the personal statement;
- "fit" between the proposed research project and faculty research interest.

A professor has to agree to act as thesis supervisor before the student is formally admitted to the program.

### 11.22.3.2 Application Procedures

McGill's online application form for graduate program candidates is available at [www.mcgill.ca/gradapplicants/apply](http://www.mcgill.ca/gradapplicants/apply).

See *section 6.3: Application Procedures (for All Admissions Starting Summer 2013)* for detailed application procedures.

Applications will only be considered upon receipt of all required documents.

### 11.22.3.2.1 Additional Requirements

The items and clarifications below are additional requirements set by this department:

- Research Proposal – required for Ph.D. applicants
- Personal Statement – required for applicants to Ph.D. and Joint Program (M.S.W. & B.C.L/LL.B.)
- Agreement of a professor to act as Thesis Supervisor – required for Ph.D. applicants

- Doctor of Philosophy in Sociology
- Doctor of Philosophy in Sociology – Environment Option (*not offered in 2012–2013*)
- Doctor of Philosophy in Sociology – Gender and Women’s Studies Option

We have particular strengths in the following fields: states and social movements; economy and society; social inequality (class, ethnicity, and gender); deviance and social control; and health and society. The Department of Sociology has very high standards and an excellent record of placing students in both academic and non-academic careers in institutions ranging from the University of Chicago and Berkeley to StatsCan and CEGEPs. The Department has a stellar record of research publications and a lively graduate program, and we benefit from many new faculty appointments allowing us to contribute to the forefront of current issues. A large number of M.A. programs are offered. Fewer are offered at the Ph.D. level (see below). The Department houses the Social Statistics Unit. This has full access to the resources of StatsCan, with training for students to boot.

**Availability of Funding**

The Department offers a limited number of teaching assistantships. A full teaching assistantship shall consist of a maximum of 180 hours of work per term. Appointments for a full teaching assistantship span 15 weeks and involve an average of 12 hours per week.

students. Our Social Statistics Laboratory allows students to make systematic use of quantitative data sources. This program is given jointly by the Department of Sociology and the Department of Social Studies of Medicine. The program is designed to be completed within twelve months.

**section 11.23.15: Master of Arts (M.A.); Sociology (Non-Thesis) — Social Statistics (45 credits)**

The Sociology Department has particular expertise in states and social movements, economy and society, social inequality (class, ethnicity, and gender), deviance and social control, and health and society. This program complements the basic research training with the application of statistical methods to Statistics Canada data (or equivalent). It requires a statistics-based research paper that will normally flow out of a paper written for one of the graduate seminars. Comparable to an article in a professional journal, the paper ought to focus on a clearly defined research problem, demonstrating familiarity with the most important relevant scholarly work and the ability to carry out research and organize the results of the research. The program is designed to be completed within twelve months.

**Ph.D. Program Options**

**section 11.23.16: Doctor of Philosophy (Ph.D.); Sociology**

The Sociology Department has particular expertise in states and social movements, economy and society, social inequality (class, ethnicity, and gender), deviance and social control, and health and society. The Department has a stellar record of research publications and a lively graduate program, and we benefit from many new faculty appointments that allow us to contribute to the forefront of current issues. There are two ways to enter the program. Some students are fast-tracked, as Ph.D. 1 students: they take twelve substantive courses, in addition to various thesis requirements—although further courses may be required if their methodological skills do not meet the standards required by the Department. Our Social Statistics Laboratory allows students to make systematic use of quantitative data sources. All students must pass two area exams, and present a thesis proposal before turning to the thesis itself, which may take the form of a single piece of research or a set of articles on a particular theme.

**section 11.23.17: Doctor of Philosophy (Ph.D.); Sociology — Environment**

*(Not offered in 2012–2013.)*

**section 11.23.18: Doctor of Philosophy (Ph.D.); Sociology — Gender and Women's Studies**

The Sociology Department has particular expertise in social inequality (class, ethnicity, and gender), deviance and social control, and health and society. The Department has a stellar record of research publications and a lively graduate program, and we benefit from many new faculty appointments allowing us to contribute to the forefront of current issues—in particular, in gender issues relating to social change in post-communist and developing societies. There are two ways to enter the program. Some students are fast-tracked, as Ph.D. 1 students: they take twelve substantive courses, in addition to various thesis requirements—although further courses may be required if their methodological skills do not meet the standards required by the Department. Our Social Statistics Laboratory allows students to make systematic use of quantitative data sources. All students must pass two area exams, and present a thesis proposal before turning to the thesis itself, which may take the form of a single piece of research or a set of articles on a particular theme.

Candidates who lack sufficient preparation in the social sciences, but whose academic record justifies consideration for eventual admission to the master's graduate program, must register for a Qualifying year during which they are required to take courses to broaden their knowledge of sociology. Candidates must achieve a final grade of at least a B in these courses and an average in all courses of at least B+; in general, they must, in the opinion of the Department, have achieved sufficient preparation in the subject matter of sociology before they will be allowed to proceed with graduate work. All candidates are expected to have taken courses in statistics, research methods, and sociological theory at the undergraduate level.

Any prospective students are encouraged to contact faculty members that they may wish to work with to ascertain that they will be available and not on leave during the time at which they wish to study. If need be, the
